PRESIDENTS PAGE

MAY 2019

Greetings members and welcome to May.

Thanks to Phil Coffey for running the April club meeting in my absence. I was on a camp with 103 students in Vietnam during the school holiday period, so I missed a few events including the HDCC O'Hara Motorkhana at Luddenham. I believe a couple of our members were there, so would be interested in hearing how the event was.

I also hope all of our members had a great Easter break, relaxing, catching up with family or eating chocolate!

There are a few TCC events coming up including the TCC State Motorkhana and the Luddenham Track Day. I've been advised that all major officials have been allocated for both events, but we are still after timekeepers for our state motorkhana on Sunday, 2nd June. If you can help out, please contact Nicole Crowley on 0409 987 210.

It is also of note that the TCC Executive have decided for this year to incorporate Ernie's Revenge Motorkhana and therefore the Ernie Boston trophy, with the TCC State and Multi-club motorkhana. The trophy will be awarded to the fastest financial TCC competitor over the like/common tests between the State and Multi-club sections, which is how the points for the pointscore were done for last year's event. It is hoped that we can run Ernie's Revenge Motorkhana as a stand-alone event in 2020, and even better if we can secure some dirt grounds to run the event on, but for this year with the lack of access to Ansell Park and with the number of other events being run, this is our best option.

A number of social events have been added to the calendar and I am currently working on another Bunnings BBQ Fundraiser. This is planned for Sunday 15th September at the Thornleigh Bunnings. If anyone is interested in helping, please let me know.

Just a reminder to all members that to be eligible for a TCC Championship Trophy you need to:

- 1) Officiate at a TCC run event during the calendar year, and
- 2) Submit an original article for publication in Piston Slap during the calendar year.

It's best to get these requirements out of the way early in the year and whilst they might seem like a bit of a drag, it's a great way to contribute to your club so that your club can more easily run events and you get to have an enjoyable magazine to read each month.

Matt Rath.

EDITORS REPORT

Firstly, a big thank you to Tim Hurst for his magazine article. Without his article, this magazine would be a dullish read. With only 6 magazines left for the year, it's really important to ensure you get your article in sooner rather than later. For those chasing the Club Championship, with a maximum of 5 points per month for magazine contributions, it is an easy way to get some needed extra points against other members also vying for the championship.

We are looking for more photos of members to include on the front of the magazine. If you have one that you would like to appear on the cover of an upcoming magazine, please email the photo to editor@thornleighcarclub.org or niknax84@optusnet.com.au. It is recommended to send through a high resolution landscape oriented photo. Please include a sentence about the event and date that the photo is from.

I'm sure you are aware by now that the magazine is also available electronically. If you would prefer to receive your magazine by email, please let Geoff Horler or myself know so that we can update your details accordingly. If you have opted for an electronic magazine, please ensure that 'editor@thornleighcarclub.org' is set as a safe sender, otherwise your magazines may end up in your junk email.

Since the last magazine, apart from recovering from a tonsillectomy, I have been getting the documentation together for a number of events including our State Motorkhana on Sunday 2nd June, Sydney Cars and Coffee/Museum of Fire social event on Sunday 14th July and the Luddenham Track Day on Sunday 18th August. The event information and entry forms for all of these events should be available in the coming days.

For the State Motorkhana, I have all major official roles filled but I am after timekeepers and marshals on the day, so any help will be appreciated. I will be at the May club meeting to get names of people who will be competing or officiating. At the club meeting I will also be handing out the trophies for the Grip N Slip Motorkhana back in March.

Speaking about the May Club Meeting, I will be bringing along one of my older street directories (1983 so it's old for me!) so that our members can help locate some of the places that TCC used to run events at or compete at that we have now lost. This tour will most likely include some of the venues that we have visited on previous tours, but there is a focus more on motorkhana, khanacross, hill climb and dirt circuit events that technically did not come under 'race track' and 'speedway' venues. I currently have about 6 venues in mind but looking to add a lot more to the list, plot them all out on a map to then decide on a realistic route for the event. As the information on when these venues came about and closed, is basically non-existent compared to race track and speedway venues, I will be relying on members sifting through their photos, results and any other information that they might have so that I can piece some of this together. This will be the hardest one, information wise, and probably the hardest one on the heart strings as well for those who can make the tour.

The Sydney Cars and Coffee Car Meet and Museum of Fire should be a good, albeit cold, social event. The Sydney Cars and Coffee Car Meet at Luddenham attracts over 300 cars, so feel free to bring along something to show and promote TCC as well! There will be a breakfast van present for those who want a feed. The Car Meet is free so make sure you come along. After this, we will head to the Museum of Fire for a tour. Providing we have more than 15 participants, we will get a currently serving firefighter to talk to us and guide us on the tour. Again, if we get more than 15 participants a late morning tea will be provided. A flyer has been included later in the magazine, so keep this day free. Whilst we are still getting some of the finer details sorted for this event, should you need any further information please contact me. Phil Coffey will also be assisting with this event once we get a few more of these details sorted with the two venues. The Museum of Fire requires payment two weeks out from the event to cover catering, so please reserve your spot and make payment as soon as possible after the entry form is released. More information can be found at <https://www.facebook.com/events/352313728756731/>

The Luddenham Track Day Event Information and Entry Forms should be available any day now. There will be an early bird entry fee for this event, so get in quick!

We are currently in talks with HDCC about whether they are interested in the TCC vs HDCC Go-Kart Social Challenge this year. We are currently looking at a tentative date of Saturday, 2nd September however once

they confirm either way, we will let our members know if this event is on or not. I'm wondering if they are just too scared to get the wooden spoon for a third year in a row!!

Some months ago I advised members that permit applications, and even Supp Regs, can now all be done online. At the time, I had just submitted my Supp Regs and Entry Form to CAMS via the old process so couldn't really comment on the new process. Whilst I am still yet to use the new online application system, here are a few things I have been noticing with the use of the online Supp Regs, so that any of our members can keep this in mind if they decide to use the online system.

1. You will need to ensure that you have information on the classes for the event. This is important for events like Motorkhanas, Khanacross and speed events. This information will not be found in the CAMS Manual but will need to be searched for in state addendum/championship regulations, which may be found on the individual websites for these championships.
2. A set of previous Supp Regs to refer to, to ensure that you enter in all of the required information, as there is some obvious basic information that you get asked to enter and then what appears to be a big text box to add stuff for yourself. I've been finding clubs have been not entering enough of this information leading to confusion, a lack of available information or the need to provide Further Regulations to ensure all of the required information for the event is provided. This is especially important when you don't mention any information about food and amenities, limited information about timing, results and trophies, apparel and safety requirements etc.
3. The formatting of the online Supp Regs looks like we've gone back about 20 years, this is for both the online application and the template Supp Regs available on the CAMS website!
4. The turnaround for permit applications has significantly improved, but I'm unsure if any of this gets checked by the Panel anymore.

To top all of the above off, be very careful when looking at the CAMS Manual and any supporting regulations/addendums. For the state motorkhana, in both the National Motorkhana Code and the NSW Motorkhana Championship Addendum, there are some glaring errors including some clauses that you are referred to (particularly where penalties are awarded and calculated) that no longer exist!

Finally, a big happy Mother's Day to all of the mums in the club! On behalf of TCC, thank you to all of the mums out there that officiate, help and support our club and those who look after the kids and/or grandkids so that we can go have some fun in our cars! We hope you all have a lovely day, get to relax and know that you are loved and appreciated!

You only get out of it, what you put in.

CLUB CAPTAINS REPORT

Hi Everyone and welcome to May.

It's been another busy month for me, though I'm hoping everyone else has managed to fit in more motorsport than I have! There have been a couple of good events over the last month, including a motorkhana run by HDCC at another lot of grounds in Luddenham. Hopefully some of our members made it there and that these grounds can be used for more motorkhanas in the future.

The TCC calendar has been updated and now has a number of social events added, including a car meet and a tour of the Museum of Fire in July. We are still waiting on HDCC to confirm if they still want to take part in the TCC vs HDCC Go-Kart Social Challenge, which we are currently considering Saturday 21st September for. However this event is not yet added to the calendar until we hear back from HDCC. Anyway, check out the calendar and make sure you keep all of these dates free.

HDCC Hornet Khanacross

Hampton - 14 April 2019

It was a surprisingly mild day that greeted 30 entrants at the Hornet Khanacross held by HDCC at Hampton recently. TCC members there on the days were Aron and Garry Elliott with the Liberty, and I was there with Bugeye the Impreza. Rhonda Elliott was also there to help with the timing on the day.

The grounds at Hampton continue to improve and following a recent working bee there is now a proper site shed for event admin (with heater/air conditioner) and extended covered area - the Hampton Bar. The tracks were well prepared as usual and a selection of short and very long tests gave everyone a chance to stretch the legs on their cars. The longest test, up to the front gate and back, put together a few different sections and every car except the Special took over 3 minutes to complete it. The ground was dry and fast, with the usual sandy sections.

Unfortunately it wasn't to be a good day for my Impreza - from the very first test I knew something was wrong with Bugeye. As usual I took off flat out in 1st gear, but when I changed to 2nd gear the revs went straight to 5,000 and the car stopped pulling. I was able to control the clutch slipping by easing back on the throttle until it gripped, but the problem dogged me throughout the day and I was never able to get full power to the wheels.

No such trouble for the Elliotts though, with Aron taking 2nd outright (and 1st in Class G) to Bill Brown's Special, and just edging out Mick King in his Modified Production Skyline. Garry was less than 15 seconds behind, which was enough to secure 5th outright and 2nd in Class G, over 10 seconds ahead of John Joyner in the Mitsubishi Lancer Evo 6. With the clutch problems I managed 10th outright and 5th in Class G. There were no major incidents on the day and as far as I know everyone was able to drive their cars onto their trailers at the end of the day.

There was a lot of talk amongst the HDCC competitors about the huge number of hail damaged vehicles turning up as statutory write-offs at the car auctions. At a recent auction one of the HDCC members came away with no less than 10 (ten!) hail damaged vehicles for a combination of running in future events and for parts. I expect we will see a lot more modern cars turn up to events as these cars make their way through as khanacross and motorkhana cars.

In the week after the event I took Bugeye in to be looked at before getting the bad news. There are two types of clutches that were used at this time, the normal solid type (cheap) and dual mass clutch which was only used for a few years on certain 2.5 litre models (expensive). Needless to say I had the expensive one in my car. It is possible to change types, but it involves a new flywheel. So unfortunately it was not economic for me to repair, and I've since sold the car 'as-is' and there is the chance it will turn up again in the future.

STOP PRESS - just this week the online auctions have paid off for me and I've just bought a hail damaged 2006 Impreza ('Hawkeye') with the smaller 2 litre engine, to get me through until I find another RS. I'm picking it up next week so I'll soon find out if I have a car that's in a condition to run later this month.

Tour d' Course Sunday, 23rd June 2019

*Owners' Club
of Australia*
New South Wales

Come along and be in the annual **TOUR d' COURSE** hosted by the Alfa Romeo Owners' Club in conjunction with the Classic Rally Club.

You will travel through beautiful countryside covering approximately 300km of some of the best roads in the Southern Highlands. You may choose from 4 levels of navigation:

- **Masters:** challenging navigation. (CAMS Licence required)
- **Apprentices:** as for Masters but with additional help (CAMS Licence required)
- **Tour Competitive:** simple route charted instructions with competition points awarded (CAMS licence required)
- **Tour Social:** as for Tour Competitive but with NO competition points awarded (CAMS licence NOT required)

The **TOUR d' COURSE** is known for the fine food and this year will be no exception. Lunch will be at the [Kangaroo Valley Golf & Community Resort](#). Finish will be at the **Sutton Forest Pub**.

The start and sign-on will be at the **Mittagong RSL Club** corner of **Hume Hwy** and **Bessemer St**, Mittagong where there will be good coffee and light breakfast if required from 7.30, **first car away at 9.00am**

Entry Form and Supplementary Regulations are available from:
www.alfaclubnsw.org.au or www.classicrallyclub.com.au

Entry fee \$115.00 includes Lunch for two and all necessary maps
Additional crew members \$35.00 each

A Drive Down Memory Lane... The Final Leg

Saturday, 2nd November 2019

A Drive Down Memory Lane... The Final Leg

Date: Saturday, 2nd November 2019
Venue: Sydney Basin

This is the final event in the A Drive Down Memory Lane series. This event will include motorsport disciplines, other than circuit racing and speedway, although a couple of the locations may still be the same.

Nicole still needs more of the experienced members from TCC to help provide a list of other venues and locations to help starting planning a route for the event. Any photos, sets of results or other information about these venues and events, that can be included in the information booklet, will be greatly appreciated.

More information to be released closer to the event, so keep an eye on the TCC Facebook event page <https://www.facebook.com/events/435518727207211/>

Interested in becoming an Official?

To ensure our events run properly and that our regular officials have a chance to also compete, we need more members to obtain officials licences. Thankfully CAMS are making this process easier.

We need all current Trainee officials to upgrade to General officials. This involves officiating for one day and filling out a Trainee form and then completing an online Introductory module. This can be completed in any order. By becoming a General official, it will mean less work for the Event Secretary, but you will also receive a CAMS Officials Licence Book similar to your CAMS Competition Licence Book. Whenever you officiate, this book then gets signed by a member of the organising committee for that event.

This log of events can then be used when upgrading your licence to a Bronze level. It is of note that Bronze level official licences never expire.

TCC really NEED MORE Bronze level Event Admin, Event Command and Scrutineer officials. We simply do not have enough of these in the club to allow members to only officiate in a higher role at one TCC event in a year allowing them to compete in other events.

Just to repeat that Bronze level official licences never expire. For members a little worried about learning and performing these roles, please be assured that we have many members in the club who are happy to mentor you through this process. Help is never far away. Some roles will require you to be actively involved in the organisation of the event so leaving this to the last minute will not benefit yourself with any potential assessments. TCC has plenty of events that you can help run and upgrade your licence, so please have a good think about it and speak to an Executive member in order to start the process.

For more information on the different types of officials licences, or to register your interest in a training module, please check out the CAMS website www.cams.com.au/get-involved/officials/training
